Figure 1 displays five bar charts showing the percentage of correct solutions for four problems (1200, 1201, 1202, 1203) across five groups (P1, P2, P3, P4, P5) for three different problem sets (PIK. 4857.00, PIK. 4879.50, PIK. 4902.00, PIK. 4928.00). The y-axis represents the percentage of correct solutions (0% to 100%). The x-axis lists the groups and the problems. The data is as follows:
